

## APPLICATION for GENERATOR PERMIT CHECKLIST

The following documents must be submitted with the permit application (other items may be required):

- Completed [Building Application Form](#).
- Two (2) copies of the plot plan that shows the location of the generator and its distance from the building, windows that open and property lines.
- Two (2) copies of installation instructions that show how far the generator is to be located from combustible construction, windows that open etc.
- Two (2) copies of the full Manufacturer Specs for the Generator.
- Two (2) copies of the electrical plans with the original **approved signature by a [3<sup>rd</sup> party certified Electrical Plans Examiner](#)**.
- Two (2) copies of the plumbing plans.
- One (1) copy of PECO application for an “Increase in Natural Gas Usage” (**If applicable**).
- Certificate of Insurance (Liability and Workers Compensation) for Each Contractor working on the job. If contractor does not have Workers Compensation, a [Workers Compensation Exemption form](#) must be completed.
- Home Owners Association (HOA) Approval (if applicable).
